Contractor is solely responsible for all payments owed to any Subcontractor arising from Contractor's performance under the contract and will hold the Department harmless from any such payments owed to the subcontractor.
- 19.3. The parties agree that if there are any limitations of Contractor's liability, including a limitation of liability clause for anyone for whom Contractor is responsible, such limitations of liability will not apply to injuries to persons, including death, or to damages to property.

**21. TERMINATION AND DEFAULT:**

The Department may terminate the Contract without cause, upon thirty (30) days written notice to Contractor.

- 21.1. The Department agrees to use its best efforts to obtain funding for multi-year contracts. If continued funding for the Contract is not appropriated or budgeted at any time throughout the multi-year contract period, the Department may terminate the contract upon thirty (30) days' notice to Contractor. If funding to the Department is reduced due to an order by the Legislature or the governor, or is required by federal or state law, the Department may terminate the Contract or proportionately reduce the services and goods due and the amount due from the Department upon thirty (30) days written notice to Contractor. If the specific

funding source for the subject matter of the Contract is reduced, the Department may terminate the Contract or proportionately reduce the services and goods due and the amount due from the Department upon thirty (30) days written notice to Contractor.

- 21.2. Each party may terminate the Contract with cause. If the cause for termination is due to the default of a party, the non-defaulting party shall send a notice, which meets the notice requirements of the Contract, citing the default and giving notice to the defaulting party of its intent to terminate. The defaulting party may cure the default within ten (10) days of the notice. If the default is not cured within the ten (10) days, the party giving notice may terminate the Contract forty (40) days from the date of the initial notice of default or at a later date specified in the notice.
- 21.3. The Department may terminate the contract if Contractor becomes debarred, insolvent, files for bankruptcy or reorganization proceedings, sells 30% or more of the company's assets or corporate stock, or gives notice of its inability to perform its obligations under the Contract.
- 21.4. Upon termination of the Contract, all accounts and payments for services rendered to the date of termination shall be processed according to the financial arrangements set forth herein for approved services rendered to date of termination. If the Department terminates the Contract, Contractor shall stop all work as specified in the notice of termination. The Department shall not be liable for work or services performed beyond the termination date as specified in the notice of termination.
- 21.5. In the event of such termination, Contractor shall be compensated for services properly performed under the Contract up to the effective date of the notice of termination. Contractor agrees that in the event of such termination for cause or without cause, Contractor's sole remedy and monetary recovery from the State is limited to full payment for all work properly performed as authorized under the Contract up to the date of termination as well as any reasonable monies owed as a result of Contractor having to terminate contracts necessarily and appropriately entered into by Contractor pursuant to the Contract. Contractor further acknowledges that in the event of such termination, all work product, which includes but is not limited to all manuals, forms, contracts, schedules, reports, and any and all documents produced by Contractor under the Contract up to the date of termination are the property of the State and shall be promptly delivered to the State.
- 21.6. If Contractor defaults in any manner in the performance of any obligation under the Contract, or if audit exceptions are identified, the Department may, at its option, either adjust the amount of payment or withhold payment until satisfactory resolution of the default or exception. Default and audit exceptions for which payment may be adjusted or withheld include disallowed expenditures of federal or state funds as a result of Contractor's failure to comply with federal regulations or state rules. In addition, the Department may withhold amounts due Contractor under the Contract, any other current contract between the Department and Contractor, or any future payments due Contractor to recover the funds. The Department shall notify Contractor of the Department's action in adjusting the amount of payment or withholding payment. The Contract is executory until such repayment is made.
- 21.7. Any of the following events will constitute cause for the Department to declare Contractor in default of this Contract: (i) Contractor's non-performance of its contractual requirements and obligations under this Contract; or (ii) Contractor's material breach of any term or condition of this Contract. The Department may issue a written notice of default providing a ten (10) day period in which Contractor will have an opportunity to cure. Time allowed for cure will not diminish or eliminate Contractor's liability for damages. If the default remains after Contractor has been provided the opportunity to cure, the Department may do one or more of the following: (i) exercise any remedy provided by law or equity; (ii) terminate this Contract; (iii) impose liquidated damages, if liquidated damages are listed in this Contract; (iv)
