Pool E - Transportation & Parking Demand Management Strategies:

Element 1: Transportation & Parking Demand Management Assessment

Assessing the existing modes of travel through a Station Area and those connections to transit platforms is critical for increasing ridership and reducing single-occupancy vehicle trips. An analysis of these travel patterns must be conducted at this local scale to better understand where interventions can be made within a Station Area and its immediate surroundings to improve travel efficiency, safety, and enjoyability.

Element 2: Transportation & Parking Demand Management Strategies

Based on the assessment of existing conditions for travelers within the Station Area, the Consultant will make recommendations to increase modal efficiency, safety, and enjoyability. All recommendations must take into account what governing bodies have authority - that may be UTA, UDOT, a city, a county, or other government

entity. Focus should be placed on identifying the modes of travel through the Station Area that are the least efficient and most unpleasant for potential transit riders and presenting strategies that directly address those issues. Strategies should include but are limited to: cost-based strategies (such as parking fees and transit subsidies for local users), supply-based strategies (such as roadway restrictions or parking reductions), and supportive strategies (such as rideshare or ride matching, extended-hour solutions, trip planning assistance). A methodology for measuring and evaluating the performance of any proposed strategy must also be provided.

Termination shall be effected by serving a notice of termination on the Consultant setting forth the manner in which the Consultant is in default. The Consultant will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the (Recipient) that the Consultant had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Consultant, the (Recipient), after setting up a new delivery of performance schedule, may allow the Consultant to continue work, or treat the termination as a termination for convenience.

**c. Opportunity to Cure (General Provision)** The (Recipient) in its sole discretion may, in the case of a termination for breach or default, allow the Consultant [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions

If Consultant fails to remedy to (Recipient)'s satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by consultant of written notice from (Recipient) setting forth the nature of said breach or default, (Recipient) shall have the right to terminate the Contract without any further obligation to Consultant.

**d. Waiver of Remedies for any Breach** In the event that (Recipient) elects to waive its remedies for any breach by Consultant of any covenant, term or condition of this Contract, such waiver by (Recipient) shall not limit (Recipient)'remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

In this event, the Recipient may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Consultant and its sureties shall be liable for any damage to the Recipient resulting from the Consultant's refusal or failure to complete the work within specified time, whether or not the Consultant's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Recipient in completing the work.

The Consultant's right to proceed shall not be terminated nor the Consultant charged with damages under this clause if-

- 1.the delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Consultant. The judgment of the (Recipient) shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Consultant's right to proceed, it is determined that the Consultant was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Recipient.

(v) (A) UTA's Civil Rights Compliance Office shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. UTA's Civil Rights Compliance Office shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If Consultant and the laborers and mechanics to be employed in the classification (if known), or their representatives, and UTA's Civil Rights Compliance Office agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by UTA's Civil Rights Compliance Office to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise UTA's Civil Rights Compliance Office or will notify UTA's Civil Rights Compliance Office within the 30-day period that additional time is necessary.

(C) In the event Consultant, the laborers or mechanics to be employed in the classification or their representatives, and UTA's Civil Rights Compliance Office do not agree on the proposed classification and wage rate (including the amount designated

for fringe benefits, where appropriate), UTA's Civil Rights Compliance Office shall refer the questions, including the views of all interested parties and the recommendation of UTA's Civil Rights Compliance Office, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise UTA's Civil Rights Compliance Office or will notify UTA's Civil Rights Compliance Office within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under the Contract from the first day on which work is performed in the classification.

(2) **Withholding** – UTA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from Consultant under the Contract or any other federal contract for which Consultant is the prime Consultant, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by Consultant, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by Consultant or any subconsultant the full amount of wages required by the Contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the Contract, UTA may, after written notice to Consultant, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records** – (i) Payrolls and basic records relating thereto shall be maintained by consultant during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1 (b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, Consultant shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. If Consultant employs apprentices or trainees under approved programs, Consultant shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) Consultant shall submit weekly for each week in which any work under the Contract is performed a copy of all payrolls to UTA for transmission to the FTA. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under Section 5.5(a)(3)(i) of Regulations, 29 CFR Part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. Consultant is responsible for the submission of copies of payrolls by all subconsultants.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by consultant or subconsultant or his other agent who pays or supervises the payment of the persons employed under the Contract and shall certify the following: That the payroll for the payroll period contains the information required to be maintained under Section 5.5(a)(3)(i) of Regulations, 29CFR Part 5 and that such information is correct and complete:

(1) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the Contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been

made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3; and

(2) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents forth classification of work performed, as specified in the applicable wage determination incorporated into the Contract.

(C)The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (3)(ii)(B) of this section.

(D)The falsification of any of the above certifications may subject Consultant or subconsultant to civil or criminal prosecution under Section 1001 of title 18 and Section 231 of title 31 of the United States Code.

(iii)Consultant and any subconsultant shall make the records required under paragraph (3) of this section available for inspection, copying, or transcription by authorized representatives of the FTA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If Consultant or subconsultant fails to submit the required records or to make them available, the federal agency may, after written notice to consultant, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR §5.12.

(4) **Apprentices and trainees** – (i) Apprentices – Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to consultant as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where Consultant is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in Consultant's or subconsultant's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, Consultant will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

i (ii)Trainees – Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate forth work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of

progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the

i trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, Consultant will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

ii (iii) Equal employment opportunity – The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

iii **(5) Compliance with Copeland “Anti-Kickback” Act Requirements** – Consultant shall comply with the requirements of 29CFR Part 3, which are incorporated by reference in the Contract. Consultant is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

iv **(6) Subcontracts** – Consultant and any subconsultant shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the FTA may by appropriate instructions require, and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. Consultant shall be responsible for the compliance by any subconsultant or lower tier subconsultant with all the contract clauses in 29 CFR 5.5.

#### **BONDING REQUIREMENTS**

(Applicable Only to Contracts valued at more than \$150,000]

Unless a different requirement is set forth in the Contract, Consultant shall maintain the following bonds:  
A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

A performance bond in the amount of **100%** of the Contract value is required by the Recipient to ensure faithful performance of the Contract. The performance bond shall be provided by consultant and shall remain in full force for the term of the Contract. Consultant will provide the performance bond to UTA within ten (10) business days from execution of the Contract. The performance bond must be provided by a fully qualified surety company acceptable to the UTA and listed as a company currently authorized under 31 CFR Part 22 as possessing a certificate of authority as described thereunder. UTA may require additional performance bond protection if the Contract price is increased. The increase in protection shall generally equal 100 percent of the increase in Contract price. UTA may secure additional protection by directing Consultant to increase the amount of the existing bond or to obtain an additional bond.

A labor and materials payment bond equal to the full value of the Contract must be furnished by Consultant to UTA as security for payment by consultant and subconsultants for labor, materials, and rental of equipment. The bond may be issued by a fully qualified surety company acceptable to UTA and listed as a company currently authorized under 31 CFR Part 223 as possessing a certificate of authority as described thereunder.
